

Linda's house of hope

Linda's house of hope helps young women to break free from the sex industry and heal the terrible damage it does to them.

Imagine how hard it is for a girl to free herself from this shadow world of sex and drugs, and imagine the parents' joy when they do.

Linda's House of Hope also seeks to tell the Australian community the truth about this industry.

Do you want to be part of this life-giving enterprise and help Linda rescue these girls and restore to them the dignity of their womanhood?

Yes, I want to help Linda's house of hope
